Val Beaumont

20 August 2025

Randburg, RSA

MCA Executive Officer:

Date:

Place:

-  Members of the Marketing Code Authority (MCA) put the best interests of the patient and consumer first by following an ethical code for the marketing of health products, which include medicines, medical devices and in-vitro diagnostics (IVDs).
-  MCA members commit to supplying substantive and truthful information in the promotion of health products. MCA members shall comply with the MCA Code and the advertising and marketing provisions of the Medicines and Related Substances Act and the Pharmacy Act.
-  MCA members subscribe to a framework that seeks to eliminate inappropriate incentives in the promotion of health products. Nothing shall be offered or provided in a manner or on conditions that will interfere with the professional independence of a healthcare professional in their decision-making on appropriate patient care.
